Chairman McLoughlin and Planning Commissioners
City of Santa Ana
Santa Ana CA 92702

SUBJECT: Proposed Construction of Service Station at 2230 North Tustin Avenue [Item 3]

This proposed project is located next to a pre-school that has been in business for over 30 years. Just like we learned asbestos and lead paint are bad, we know gas stations this close to a pre-school is not a wise move.

Please deny this project.

Respectfully,

Dale A Helvig
Santa Ana Resident
