Subject: Site Plan Review No. 2020-04

Hello,

Regarding this project it is nearby Saddleback Neighborhood and my concern is the traffic that it might create going west on 4th st. to Grand Ave. Saddleback View egress and ingress to the neighborhood is through three streets on 4th St, Linwood Ave, Eastside Ave, and McClay st. As it is during high traffic period in the morning and later afternoon on the weekdays cars going west back up past to Eastside Ave due to the the traffic light at Grand Ave. This project will bring additional cars into the area creating additional back up at the intersection of 4th st and Linwood, Eastside, and McClay St.

I strongly recommend that the planning commission mitigate this issue by requiring posted signs indicating not to block the intersections and paint stripes on the pavement at each intersection to prevent cars from blocking the egress and ingress to the neighborhood.

Thank you!

Desi Reyes
