Subject: Zoning Administration action
Date: Tuesday, December 21, 2021 12:25:25 PM

To City of Santa Ana Zoning Board:

My name is Michael Reyes. I live at 1514 W. 9th Street; right next to property that is being considered to development. My family moved there in 1962. My wife and I have lived there since 1998. Since we have lived at this site there has been an increase in multiple family's living in homes on our street. This increase has had a negative effect on parking. The majority of the time cars are parked in front of my and neighbor's homes from families that live down the street. The cars often park there for three to four or more days. On several occasions I could not put my trash out due to no place in front of my home to put my cans. By allowing more homes to be built especially in named location, parking issues would only increase and leading to more problems. Please do not approve these houses to be built. Thank you for your consideration in this matter.
