Gentlemen,

Just writing to urge you to vote NO on the construction of a Vietnamese-style pagoda requested by the owners of this property. It is completely at odds with the Art Deco style of the house. This is an historic house, we are an historic neighborhood, don't let this eyesore be approved.

As a 35-year resident of this neighborhood, I have watched and helped to maintain this lovely area. Please do not let it be diminished in any way.

Thank you for your attention.

Best regards,

Julie Lake
