Members of the Planning Commission,

We are owners of a residence at 410 E. Washington Ave., Santa Ana, within the historic French Park neighborhood.

In regard to the issue before the Commission at this evening's meeting, involving application to construct new houses at 826 and 830 N. Lacy Street, we are strongly in support of the approval of this request. We believe that *Habitat for Humanity* is an excellent organization that supports strong neighborhoods and social justice by assisting in providing quality housing to families who might not otherwise be able to afford today's high housing costs.

Further, we are pleased to learn that the proposed style of the houses to be constructed, i.e. a 2-story Victorian-style and a 1-story Craftsman-style, will complement the style of the existing housing within the French Park neighborhood.

Thank you for the opportunity to express our support for this matter.

Sincerely,

*Robert M. Timm*
